

WINS 2023

THE 6TH BIENNIAL WORKSHOP FOR INELASTIC AND ELASTIC NEUTRON SCATTERING (WINS 2023)

October 10 - 12, 2023

Rensselaer Polytechnic Institute

In-person workshop at:

Gaerttner LINAC Center

3021 Tibbits Avenue, Troy NY, USA 12180

The topics of interest include:

- Recent experimental results
- New experimental setups and techniques
- Theoretical developments and advancements
- Nuclear data evaluations
- Covariance and uncertainty analysis

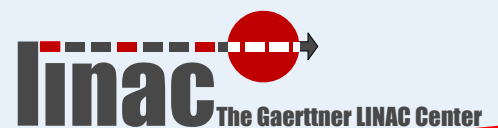

**FREE
Registration**

For registration and abstract submission visit :

WINS 2023

WINS is a technical workshop organized every two years with the purpose of bringing together scientists involved worldwide in neutron elastic and inelastic cross section measurements and calculations. WINS 2023 is the sixth WINS workshop, preceded by workshops in Predeal, Romania (2018), Santa Fe, USA (2016), Dresden, Germany (2014), Boston, USA (2012), and Strasbourg, France (2010).

Venue

Rensselaer Polytechnic Institute (RPI) is a private research university in Troy, New York, with additional campuses in Hartford and Groton, Connecticut. It was established in 1824 by Stephen van Rensselaer and Amos Eaton for the "application of science to the common purposes of life" and is the oldest technological university in the English-speaking world. Numerous American colleges or departments of applied sciences were modeled after Rensselaer. Built on a hillside, RPI's 265-acre campus overlooks the city of Troy and the Hudson River and is a blend of traditional and modern architecture. The institute operates an on campus business incubator and the 1,250-acre Rensselaer Technology Park.

October is the ideal time to visit, with pleasant temperatures and an opportunity to enjoy the many magnificent sites in and around Troy. For the outdoorsperson, the Adirondack, Catskill, and Berkshire mountains neighbor closely along with many pristine rivers and lakes. Nestled in the Adirondacks is Lake George, the "Queen of the American Lakes" known for its water clarity and scenic beauty. Downtown Troy and the neighboring cities of Albany and Saratoga Springs are cultural hubs with fantastic food and attractions that define the upstate New York region. Troy, home of the famous Uncle Sam, has beautiful 19th century architecture, as a result of its industrial importance since that time. As such, New Yorkers have enjoyed coming "upstate" to Troy and the Capital Region for more than a century.

Transportation

Albany International Airport (ALB), located approximately 15 minutes from RPI, offers service from a number of airlines. There is scheduled commuter service from all three New York City airports (John F Kennedy, La Guardia, and Newark) and Boston. Flying time from Boston or New York City is approximately 45 minutes.

If you are traveling on an international flight, be aware that Albany County Airport's facilities for currency exchange no longer operate. You will want to exchange money at your departing or international arrival airport.

It is recommended to rent a car at the airport. Traveling with a car in this area is relatively easy and parking in Troy hotels is free.

Taxi service or Uber from the airport to RPI costs about \$20-30.

Accommodations

There are several hotels in Troy that are in walking or driving distance:

[Best Western Plus Franklin Square Inn Troy/Albany](#)

[Courtyard Albany/Troy Waterfront*](#)

[Gardner Farm Inn](#)

[Hilton Garden Inn Troy](#)

Lake George, NY (1 hr drive)
